IMPORTANT PROGRAM INFORMATION

- Homeowner must provide receipts for the pre- and post-retrofit EnerGuide evaluations, as well as invoices and receipts for purchased products and the cost of the installation.
- All products must be purchased in Canada; online purchases are eligible only if ordered from an online distributor in Canada.
- Windows/doors must be on an eligible list (see reverse side).
- Maintain ENERGY STAR labels on products until after the post-retrofit evaluation.
- A new window unit can be inserted into the existing frame of an old window, but replacements of only the glass, sash or door without a frame are not eligible.

ELIGIBLE WINDOWS AND DOORS

Replace windows or sliding glass doors with ENERGY STAR³-certified models:

- U-Factor of 1.22 W/m²K or less OR
- Energy Rating ≥ 34

Replace windows or sliding glass doors with ENERGY STAR Most Efficient-certified models:

- U-Factor of 1.05 W/m²K or less OR
- Energy Rating ≥ 40

Replace hinged doors, with or without sidelites or transoms, with ENERGY STAR-certified models:

- U-Factor ≤ 1.22 W/m²K OR
- Energy Rating ≥ 34

Gentek offers a variety of ENERGY STAR-certified products. Consult your window professional for an energy-efficient glass package for your home.

WINDOWS, DOORS AND MORE!

Gentek carries insulation, sealants and other energy-saving products that may qualify for Greener Homes Grant rebates. See your Gentek sales representative for details or visit www.nrcan.gc.ca/energy-efficiency/homes/canada-greener-homes-grant/23441.

1001 Corporate Drive | Burlington, ON L7L 5V5
gentek.ca | *Make us a part of your home.*

¹\$5,000 is the total maximum rebate for implementation of eligible retrofits done after December 1, 2020. Grants cannot exceed the cost of the individual measures displayed on the invoice. Grants cover the tax amount as well as the base cost.

²Multi-unit residential buildings (over three stories or 600 m² in footprint) are not eligible under this initiative.

³ENERGY STAR-certified means that the model meets or exceeds the ENERGY STAR levels. Each certified model comes with a temporary label showing that the unit is ENERGY STAR-certified.

Product improvement policy: Gentek Building Products is constantly improving product designs and manufacturing processes. We therefore must reserve the right to change specifications without notice.
